

HEALTHCARE RISK MANAGEMENT SERVICES FOR MARKEL INSUREDS

Reduce risk. Avoid Lawsuits. Improve care.

Because of clinical implications, you don't want a generalist telling you how to prevent medical professional liability and clinical workers compensation claims. Bring in the specialist for the unique type of care or setting.

OmniSure consultants are experienced clinicians with specialty-specific knowledge to help you implement patient safety, regulatory compliance, employee safety, and other provider type and setting-specific risk reduction initiatives.
